EDUCATION

Sri Eshwar College of Engineering	B.E ECE	9.64 (till Sem 3)	2024-2028
SKV Vidhyaashram CBSE School	HSC	94.83%	2022-2024
R.N.Oxford CBSE School	SSLC	96.8%	2021-2022

INTERNSHIPS

IIIT Sri City **May-Jun 2026**
Acquired hands-on experience in Embedded Systems, and AI using ESP32CAM and Raspberry Pi 3 Model B V1.2. Worked on hardware interfacing, ML training, real-time data processing, and integration of embedded devices with web technologies using Python, Flask, React, and Node.js.

NIELIT Calicut [Certificate](#) **Dec 2025**
Gained hands-on experience in embedded systems and IoT through Embedded C programming, ESP32-based hardware interfacing, and sensor integration through a one-month winter internship. Implemented real-time monitoring, alert mechanisms using IoT platforms.

PROJECTS

AI Enabled Face Recognition based Attendance System [Project Link](#) **May-Jun 26**
Developed an automated attendance system with real-time face recognition, liveness detection, and duplicate-entry prevention. Implemented live attendance monitoring, period-wise attendance tracking, semester management, and centralized student record management through an interactive dashboard.
Tech Stack: Hardware: ESP32CAM Software: Python, Node.js, MySQL, ResNet50 (Deep CNN model)
Key Skills: Face Recognition, ML Training, Full-Stack, Database Management, Liveness Detection

Predictive Maintenance System for Industrial Motors [Project Link](#) **Mar 2026**
Developed a low-cost IoT-enabled condition monitoring system to detect early motor faults using vibration and temperature analysis. Implemented real-time vibration signal acquisition and FFT-based frequency analysis to identify abnormal motor behaviour.
Tech Stack: Hardware: ESP32, MPU6050, DS18B20, ACS712 Software: Arduino IDE, Emb.C
Key Skills: Signal Processing (Fast Fourier Transform), Sensor Integration

CERTIFICATIONS

Design Thinking – A Primer	NPTEL	Mar 2026
Digital Circuits	NPTEL	Nov 2025
Data Structures and Algorithm using C	Udemy	Apr 2025
Complete Guide to C Programming Foundations	LinkedIn	Feb 2025
C Training	IITBombay	Dec 2024

ACHIEVEMENTS

Won Second Price in Mini Project Exhibition at Sri Eshwar College	Apr 2026
Participated in Technomind-2K25 at Karpagam Institute on Mining Smart Helmet	Sep 2025
Participated in Createathon at Sri Eshwar College on Grocery Shop Ordering	Dec 2024

CODING PROFILES

Skill Rack	16513 rank 14 certificates 338 Bronze	1142 problems	ece014@sece
Leetcode	Global Ranking – 965,052	125+ problems	ARUN-K-G

SKILLS

Languages	Embedded C (Basic) Python (Basic) C (Intermediate)
Core Concepts	Circuit Analysis Semiconductor Devices (Basics) Digital Electronics
Database	MySQL
Hardware	NodeMCU ESP32 ESP32CAM Raspberry Pi 3 Sensors Actuators
Cloud Platforms	Adafruit IO ThingSpeak
IDE	VS Code Eclipse Arduino IDE GNU Octave Keil C
Tools	Canva LTSpice Proteus Proto Wokwi Multisim ModelSim
